

# Community Response Meeting

Wed 16th Nov 7pm

Central Halifax (Venue TBC)

We are gathering in Halifax to strengthen our connections and organise in response to the cost of living crisis, a hostile immigration system, racism, climate change & other challenges we face.

*('We' are community organisers, grassroots groups, charities, unions, faith groups, activists and citizens.)*

## We will be asking...

What are you organising FOR? What can we do?

What are you organising AGAINST? How can we stand in solidarity with one other to prevent harm?

What's working well and what's not?

- What is our vision for Halifax where all of us thrive?

Interested? Find out more...
